#### Amitians Fetched The Top Spots In CBSE Class X & XII Board Examinations

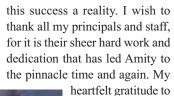

mitians have never failed to surprise me, be it in academics or extracurricular. Each year, my students bring laurels to the Amity

Universe and their exemplary performance in this year's board exams only stands as testimony to this fact. My heart brims with pride as I see my Amitians fetch top ranks in CBSE board examinations and competitive Dr (Mrs) Amita Chauhan entrance exams. From securing All India Rank

2 to bagging titles of city toppers, Amitians have brought countless laurels to the Amity family. While I laud the students, I also

want to congratulate the teachers, who have toiled as hard to make

all the parents who have always shown faith in Amity. Today, if Amity stands at the top, it is not just because of the students, but also all these driving forces without whom, this feat

Chairperson would not have been possible.

> I hope that all my Amitians will continue making large strides and keep making me proud always and will endeavour to keep the Amity flag fluttering high.GI

#### Your go-to mantra for exams

My mantra is to stay organised. During board exams, I woke up at 7 am every day. I divided the syllabus into difficult and easy parts which helped me reduce last-minute pressure.

#### Your future goals

I aspire to take up a career in the field of medicine. I hope to clear the NEET and AIIMS examinations, and have already started my preparation for these entrance exams.

#### Your advice to juniors

Be systematic! Set daily goals and try your best to complete them. Making notes, webcharts and flowcharts using coloured pens helps a lot.GI

#### Your motivation

My teachers, my parents and my relatives always motivate me to do well in my studies. They make sure I'm putting all hard work and being my best self. And when you have a school like Amity, you can never be short of encouragement.

#### Your go-to mantra for exams

Throughout Class X, we had a series of tests and exams in our school. My mantra was simple, ie to ensure that I cover the syllabus before each exam and revise it at least once before writing the exam. Also, I try to conceptualise things, but if I can't, then I just memorise them.

#### Your future goals

I am looking for a seat in one of the popular

## A dream come true

#### What Would You Say About A Scholarship Worth 2 Crore?

#### Ananya Grover, AIS Noida, XII B

AT scores. Letter of recommendations. Essays...foreign admission struggles. But a struggle that ends sweet once you land your choice of university ashore, and diabetically sweet if the landing comes free of cost aka scholarship. Well, then let's just say Arnav Misra, a student of AIS Noida, has too much of a sweet tooth. Arnav is one of the select 20 people from across the world to have received the Boston University Trustees Scholarship. The scholarship, worth 2 Crore INR will cover the full cost of undergraduate tuition and more. In a candid interview, Arnav shares the sweet story of his dream come true.

#### The dream takes root

Ever since I was in Class XI, I wanted to pursue higher education abroad. In fact, both my brother and I had the same dream of studying in a prestigious institution overseas. But unfortunately, my brother could not achieve the same due to certain circumstances. It was then that I decided that I needed to do

what he could not. That's when I firmly began working towards my aim.

Ace Achievers

#### **Pursuing the dream**

As Class XI progressed, I began focusing on one subject: Economics. I was drawn towards the subject, because of the immense scope it offers in the contemporary scenario and the financial stability that comes with it. I researched and wrote four papers on different economic topics. I completed two internships, both of which were relevant to Economics. Moreover, I participated in the NASA ISSDC competition, handling the 'Costs and Scheduling' department where I would analyse the economic efficiency of the space settlement plans made by my teammates. Not only did I learn a lot in the process, but I was also able to demonstrate my intellectual rigour beyond the classroom. As a result, my application reflected my passion, and that truly worked in my favour.

#### Giving wings to dreams

I cannot thank Chairperson ma'am enough, as it is because of her that we have been provided with such opportunities at school, like NASA Space Settlement Design Competition. My teachers understood that I had a lot on my plate, and went out of their way to help me keep up my academic performance. With the support of my parents, teachers and principal, I was able balance my studies and to

extracurricular activities, and become a well-rounded individual.

#### On achieving the dream

I wasn't expecting to receive the scholarship because it's so selective. Only twenty people across the globe are awarded this honour. I would never have thought I'd be one of them.

#### **Continuing the dream**

Boston University is in New England and has a great Economics department. It'll give me exposure to quality education, research opportunities and internships. I'll also be able to cross-register and attend classes at nearby institutions such as Harvard and MIT.

#### Dream on

My advice to junior Amitians would be to not be too stressed. You don't have to be a genius to achieve your ambitions and your dreams; you just need to have the will to work hard towards it and the passion to get ahead in the field. Everything works out in the end! GT

## It's all about believing

Once You Begin To Believe In Yourself, Success Follows

#### Alisha Taneja, GT Network

ll good things in life stem from a common source a hope, a belief that they will happen. And if AIR 3 in JEE Advanced is not a good thing, then we don't know what is. Basking in this glory is Archit Bubna, a student of AIS Pushp Vihar. He believed and here's what he thinks you should believe in, if you want to repeat the feat, that is!

#### **Believe in your dream**

Scoring a high rank in JEE exam has always been my biggest dream. I always believed in my dream, even if it seemed tough at times. Remember three words: passion, aptitude and determination. If a person has these three qualities, there is no exam in the world that you cannot crack; no dream you can't achieve.

#### **Believe in your capabilities**

I always believed in the fact that I had

Archit with his parents

the capability to fulfill my dream. Sure, the belief was guided by practical ground work: I analysed all my strengths and weaknesses, and made a study schedule which was flexible according to my requirements.

#### **Believe in your passion**

If you are passionate about something, believe in it and chase it till the very end. I was always passionate about studying science from a very young age. It was a subject which fascinated me deeply, and I always had a deep interest and curiosity in gaining deeper knowledge of the field, and ultimately making a career in it.

#### **Believe in your family**

My parents always had full faith in me and my abilities. They were standing with me through every step of this rollercoaster journey; they have seen every high and low with me over the years. It is their belief and their unwavering love for me that I am standing where I am today. Believe me, when I say this: Your family will always be your biggest cheerleader."

#### Believe in your alma mater

My school has been a great support. Principal ma'am, my teachers and my peers have always provided a lot of support and guidance to me that has motivated me to move forward. The teachers were always there for me, round the clock.

#### **Believe in your interests**

"For all the students who wish to appear for competitive exams, I suggest that you start as early as possible, maybe even start young. I developed an interest in Science and competitive exams when I started giving SOF Olympiads when I was in Class II and Class III. Knowing my interests this early in life helped me plan out my process, so I utilised my time towards making my dream a reality.

**Panel Discussion** 

Youth Power 2018-19

**T**outh Power is an annual social *leadership* programme organised by The Global Times. It witnesses ten teams from Amity schools engage in varied social causes in several stages. One of them is 'Panel Discussion' where experts from varied walks of life discuss several aspects of the chosen social cause. Here's presenting **Part 1** of this exclusive eightpart series, based on the panel discussions organised by YP teams, and

Scientists first discovered

the existence of Vaguita in

a host of opinions as experts debate on 'Food Wastage', cause chosen by YP team of AIS Gur 43.

#### he bite o e

Hunger Bites, And So Does The Food Wastage. Bytes From The Experts...

#### It is indifference and not ignorance

ood wastage is 66 definitely not a problem stemming from illiteracy or poverty. The main reason is indifference. We are simply indifferent to wasting food. For example, when we are buying food, barely do we acknowledge the fact that we are

perhaps buying in surplus and we may not be able to consume all that we are buying. Yet, we tend to overstock products,

which is primarily a result of choosing from an abundance of aesthetically pleasing products, lined on the of supermarkets. is should / be on in ot shelves of supermarkets. The focus should primarily be on what we need and not

#### Less is never a mess

s a nutritionist, I feel that the root cause for food wastage is 'variety'. When we are served with an array of anything, we tend to grab more, even if we do not want it. And exactly the same thing happens with food. When we are

#### Anshul Singh Nutritionist

provided with a variety of food items, we end up wasting more. Thus, it is crucial that we stick to serving not more than 2-3 dishes at a time. This is even more relevant for weddings where a

large amount of food is wasted, simply because of the humongous variety that is served on such occasions."

#### **Feed those** who need it

**Baby steps lead** to revolution

what we want."

eing a restaurant owner. I witness food wastage daily. People order in excess and then tend to waste it as they are unable to finish it. To avoid it, we request our customers to take their leftovers. If they don't wish to consume it, we request them to give it to someone in need. I think the food

mitigation initiative by the YP team of AIS Gurugram 43 is truly a wonderful one. If this is how responsible they are at a young age, then India is headed towards a productive revolution."

#### Shop smart

#### Mr Ashok Chief Cook, AIS Gur 43

ood wastage can be elimi-667 ✓ nated to a great extent if we shop smart. Since we have to prepare food in large quantities on a daily basis, I ensure that we are buying the right quantity. I have

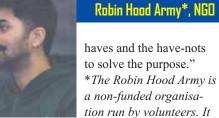

switched to weekly shopping rather than on a monthly basis. I make sure that we don't cook extra food than neccessary.

## **Expert Speak**

#### **Bridge the bridge**

ur organisation aims at mitigating food wastage that takes places abundantly. We act as mediators between the fortunate and less privileged. However, the biggest hurdle for us is ensuring the quality of food being donated. If each one of us tries to bridge this gap, hunger will no longer be an issue. The key

is to create a balance between the

collects good quality surplus food from restaurants and social gatherings with an aim to serve the underprivileged sections of the society.

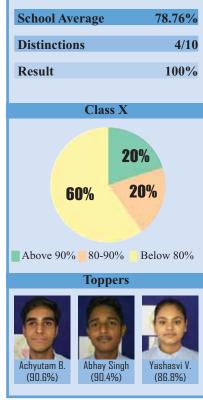

<u>Mr Kanav</u>

adheres to a strict no waste policy. If you give a couple of oranges to a

man who barely gets to eat anything, he will be happy and grateful. However, a privileged person will never be satisfied and would always want more in greed. So, instead of organising parties for your family and friends, we should focus more on the ones who are in need. We can organise a food donation drive for those who are actually in need. If that seems difficult, we can atleast not waste food. Try and utilise the leftover food to the maximum, or feed to the ones who need it. I highly appreciate the effort of Youth Power team, because it is very rare that young kids are willing to step out of their comfort zones and do something for the society. I am sure that these students are getting the right kind of exposure. It is not just a student who wins, but the whole society."

\*Earth Saviours Foundation is an internationally acclaimed non-government organisation dedicated to work for the lessfortunate people and also for the betterment of the society. The foundation is also a proud recipient of Sardar Vallabhbhai Patel International Prestigious Award for Excellence in Humanitarian Services.

Vaquitas are known as the 'smiley panda of the sea' because of the dark circles around their eyes and mouth.

## Prerna Diwas

#### Celebrating A Mother's Birthday With Endeavours To Save 'Mother Earth'

Students pray for Chairperson's well being

A student takes part in havan

where all are born with some dreams, some aspirations and some passions. And then there are some of us, who are born with dreams, strive for our aspirations, and live for our passions, and thus gradually transform into 'Prerna – An Inspiration'. Dr (Mrs) Amita Chauhan, Chairperson, Amity Group of Schools and RBEF is one of them.

With her dream to nurture young minds through education woven with values and a passion to change the world, Chairperson ma'am has become an inspiration for countless Amitians. Ergo, her birthday is celebrated across all Amity Group of Schools as 'Prerna Diwas'.

The celebrations this year across all Amity schools were even more special, for they marked the culmination of a week long 'Earth Day' celebrations organised in the school. As Amitians commemorated the birthday of their beloved Chairperson, a mother figure to all, they vowed to save mother Earth. The celebrations saw students engage in a myriad of activities- badge making, poster making, bookmarks, essay writing, slogan writing, dance performances, skits, tree plantation, etc; each aimed at disseminating the message: 'Save Earth'. A *havan* was also organised in the respective schools, wherein students prayed for the well-being of Chairperson.

Here's Looking At You Starry Eyed Millennials To Drive Away What We Lived With

#### Nandini Sukhija, AIS MV, Alumnus

Every generation comes with its own set values. The successive generation follows suit, but of course, with a few tweaks here and there. While some of these ammends are made for the sake of sheer convenience, others are aimed at overcoming embarrassments and rather horrific moments. We have similar hopes of change pinned on to our generation. Read on to know why.

#### **Guest = God**

No, no, no, we don't wish to get rid of the "please, have some tea". After all, we live in the land of *atithi devo bhav*. What irks our bones is the whole bag of shenanigans that comes with this 'one cup of tea': "Beta, uncle ko dance karke dikhaiyo" or "Beta, sing a song for auntie!" Don't you think the time has come to stop pestering children and to stop pretending that the same uncles and aunties wouldn't be offended if these kids grow up wanting to become an artist rather than a doctor or even an engineer?

#### The snake dance

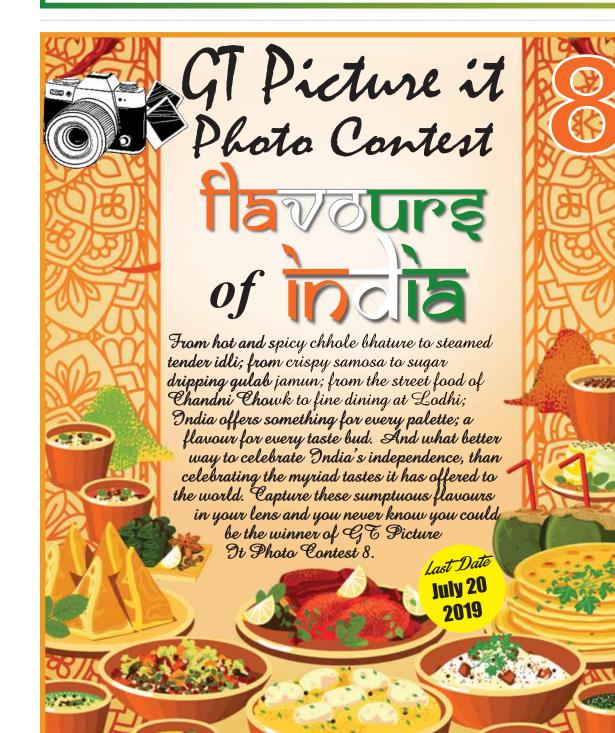

If there is one thing all Indian men are truly skilled at (no, it's not chivalry, you starry-eyed optimist!), it is the profound art of 'Nagin Dance' - a feature omnipresent in all Indian weddings. More than the desire to abolish this ritual is the curiosity to trace its origin. Who, after all, was the bright genius who came up with the idea of formally-dressed grown men acting like a wannabe snake as a decent way of celebrating someone's big day?

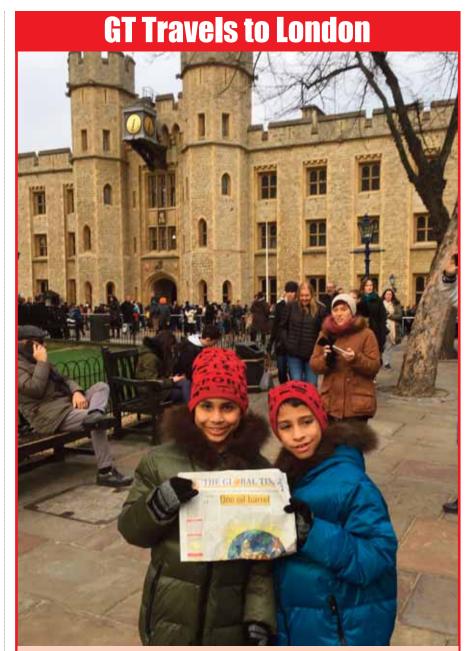

#### To take or not to take

The culmination of every family gathering is destined to be the same: elders offering us money, us politely declining the offer even though we are more than willing to accept it, and our mothers in the background silently warning us not to dare utter a 'yes'. It always feels like an eternity of being in a deadlock until we are forcefully handed the notes. After all the quirks of a family function, the young ones truly deserve a reward for all their troubles, so stop making them go through such a dilemma over and over again. Although your names won't be able to make it to the fine pages of a history book, trust me, you will earn everyone's respect for your valuable contribution to the discontinuation of these customs. *Nandini Sukhija is currently pursuing Bachelor*

Known for its bascule and suspension bridge on River Thames, the tower got its name from Tower of London. Initially, people disliked its Victorian Gothic design but over time the bridge became one of London's iconic emblems.
