

Towards betterment

Dr (Mrs) Amita Chauhan | Convener
Chairperson, Amity Group of Schools & RBEC

For the past eight years, every AIMUN has been a perfect example of experiential learning. It has only become more enhanced and enriching each passing year. The way these young diplomats brainstorm about world issues has become more mature. Their solutions reflect sensitivity, their policy framing has become more nuanced, their documentation mirrors in-depth understanding of the real United Nations.. With every AIMUN, I see young diplomats evolving as world citizens who are flexible yet assertive, patriotic yet global. As the tenth edition of AIMUN comes to an end, I hope that it has enabled my young delegates to come up with a myriad of solutions for the problems plaguing our world at large. I hope that they have learnt the art of leadership and diplomacy in the course of the three-day conference. My heartiest congratulations to everyone involved in making AIMUN'18 a great success.

Eight years and ten editions... AIMUN, organised under the aegis of AERC, has come a very long way in a short span of time. I am extremely rejoiced to see the essence of AIMUN spreading far and beyond the

boundaries of the nation. With two international AIMUNs, first one at Dubai in 2017 and second one at Singapore in 2018, I believe that AIMUN, in spirit, has truly become global.

Spreading happiness

We are deeply indebted to our respected Chairperson Ma'am for giving us the fertile land of Amity Educational Resource Centre and for sowing the seed of Amity International Model United Nations. Now, after 8 years and 10 chapters, this seed of AIMUN has bloomed into a huge banyan tree with strong branches, deep roots and ripe fruits. The huge participation of students in AIMUN shows that the youth of today cares about humanity; that they value friendship and cooperation. I salute this spirit of 'Vasudhaiva Kutumbakam', which means that the whole world is one family. You must think as a citizen of the world. All these experiences will help you to manage your student life and your future ahead. Once we can manage ourselves, we can play a positive and constructive role in our homes, school, community and the country. Use this experience in
