With A Dash Of Hard Work, Class X Toppers Share Their Recipe To Top The Charts

Cherry on top

The feelings that first came to me were those of relief, happiness and gratitude. Relief, for it had been days of hard work which led to this. Happiness and gratitude, for if it hadn't been for my parents, my teachers and my school then I wouldn't be here.

Taste of success

I did expect to score well but such a high score was unexpected. I couldn't stop smiling after looking at the mark sheet. My happiness was nothing in comparison to the expression of sheer joy on my parent's and teacher's faces.

Cream of the crop

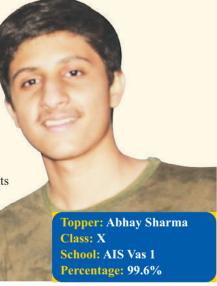

I have planned to opt for science stream. It has been my favourite subject from the beginning as it offers one to expand their knowledge with numerous concepts. Also, it comes with countless career opportunities.

Apple of my eye

I'd like to thank my parents and my teachers for their guidance and motivation throughout the year. My mother helped me with difficult concepts while my father taught me time management. Also, I was lucky to have such amazing teachers who made us solve PYQs. Amity has provided a fantastic infrastructure and innumerable opportunities to make our yearlong study not a package of boredom.

In a nutshell

There is no substitute for hard work. Read the NCERT thoroughly and practice as much as you can. Solve as many question papers, questionnaires, and assignments as you can within the 3 hour period. Listen to your teachers as they have years of experience. Lastly, always have faith in yourself, you already have what it takes to win.

Cherry on top

It feels good to bear the fruits of one's hard work and I feel satisfied with my performance.

Taste of success

I was excited to share my result with my parents. It had been a journey, full of study sessions and extra classes. Hence, I felt a gratifying sense of achievement.

Cream of the crop

I have opted for science stream as its subjects have fascinated me since childhood. The concepts explored under this stream compels one to think beyond the ordinary.

Apple of my eyeI believe that one's hard work and

efforts are predominant in attaining success. The first mention goes to my teachers who deserve paramount acknowledgement and commendation. My parents always reminded me to take it easy and would pull me up whenever I was down. I will forever be grateful to them for staying by my side.

In a nutshell

Never be stressed and judge yourself based on the grades you score during the preparation period. With each error, you will identify your weak areas and hence, try to make it better in the next attempt.

Cherry on top

I never expected this! It makes me feel like I am on cloud 9. At the same time, I want to remain grounded as this is just the beginning of my dreams.

Taste of success

I was enthralled to see my name on the top. It was amazing to see my hard work come to fruition.

Cream of the crop

I have opted for science stream because studying physics, chemistry and mathematics have been my passion since forever. These subjects excite me to the core.

Apple of my eye

I want to express my gratitude to my parents, teachers, my friends, and my younger brother Ayan. My family has left no stone unturned to take me to the top and are the real recipients of this success. While my teachers guided me throughout. I still remember their last-minute prepping sessions. If it hadn't been for their constant support and love, I would not be here.

In a nutshell

I would like to advise young Amitians to go through NCERT texts meticulously. They should also

practice many sample papers to understand the diverse questions. My success mantra is practice, practice, and practice, and to be happy campers!

Learn The Secret Sauce Of Success Used By The Achievers Of Class X

Achiever: Adam F Mahajan Class: X School: AIS Gur 43 Percentage: 99.4%

"This accomplishment is a shared one, involving my school, teachers, principal and family. Regarding my secret to success, I maintained a

structured schedule that balanced schoolwork with self-studies. Each day, I would revisit topics covered in school, ensuring regular reinforcement of my understanding. Consistent revision, including reviewing notes and solving previous year papers and sample questions, was a key part of my plan. I also maintained a healthy sleep schedule with extracurricular activities to avoid fatigue and burnout."

Achiever: Ananya Singh Class: X School: AIS Noida Percentage: 99.4%

"There are quite a few factors which contributed to my results. Out of all, consistency, is the biggest key to achievement. I was con-

sistently revising all the concepts throughout the year. Similarly, taking regular breaks is equally important. Using the 2:30 rule, which entails studying for two hours and then taking a 30 minutes break, worked out the best for me. Investing time in the subject I dreaded the most paid off exceptionally as I scored a perfect 100 in it. Moreover, my parents' confidence in my potential helped me perform at my level best."

Achiever: Anshika Saxena Class: X School: AIS Vas 1

Percentage: 99.4%

"The trick is to maintain a balance between studies and enjoyment. I went to school regularly and limited my screen time to reduce dis-

tractions. In fact, I analysed the mistakes I was making in the school exams so that I wouldn't repeat them. PYQs and CBSE sample papers helped me to assess my knowledge and give a gist of what may come in the board exam. It is equally important to have fun with your friends or participate in competitions or other activities. However, it is essential to keep track of time."
