

# Amitians ace competitive exams

## Key Highlights JEE Advanced 2025

- ▶ 7 Amitians have clinched ranks within top 1000.
- ▶ 32 have secured ranks within top 5000, out of which 4 are girls, slated to get into top IITs.
- ▶ 50 have bagged ranks within the top 10,000.

## AICE

Upholding its long-standing legacy of academic excellence, Amity Institute of Competitive Examinations (AICE) has once again delivered outstanding results in JEE Advanced and NEET 2025—two of India's most prestigious and challenging entrance examinations. Guided by the visionary

leadership of Dr (Mrs) Amita Chauhan, Chairperson, Amity Group of Schools & RBEF, Amitians have excelled in both engineering and medical entrance tests, reinforcing AICE's reputation as a premier institute for competitive exam preparation.

In NEET 2025, an impressive 16% of the top 1% scorers nationwide are students from AICE, highlighting the institute's pivotal role in nurturing top medical aspirants. Among them, Suhani Mittal stands out, having secured an excep-

tional All India Rank (AIR) 111 and AIR 19 in the girl student category—a testament to the Chairperson's commitment to empowering girls through quality education. Overall, 124 out of 147 AICE students qualified NEET 2025, achieving a phenomenal 85% success rate, significantly surpassing the national average of 50%, where approximately 12 lakh candidates qualified from the 22 lakh who appeared.

Equally commendable are AICE's results in JEE Ad-

vanced 2025, where 105 out of 147 students qualified, marking a remarkable 71.4% success rate. This achievement greatly exceeds the national average of 25%, with only 50,000 out of 2 lakh candidates qualifying at the national level. These outstanding results stand as a powerful testimony to the realisation of the Chairperson's mission to shape the nation's future through rigorous academic training, commitment to excellence, and an unwavering focus on student success.

## Key Highlights NEET 2025

- ▶ 4 students have got ranks in top 500.
- ▶ 4 students have scored above 99.9 percentile nationally, featuring amongst top 0.1% of all NEET aspirants.
- ▶ 23 students have scored above 99 percentile featuring among top 1% of all NEET aspirants nationally.
- ▶ 4 students have scored above 99.9 percentile in biology and physics both.
- ▶ 2 students have scored 99.9 percentile in chemistry.
- ▶ 14 students have scored above 99 percentile in chemistry.
- ▶ 19 students have scored above 99 percentile in physics.
- ▶ 18 students have scored above 99 percentile in biology.

## AICE

Amity Institute for Competitive Examinations (AICE) & Amity Centre of Science Olympiad under the guidance of director, AICE, organised 23rd Amity National Mathematics workshop from May 23-30, 2025 at Amity University Noida. The aim of the workshop, designed for Class V-XII, was to identify and nurture mathematical talent through conceptual clarity, improvise problem-solving skills, and promote passion for mathematics, enhancing chances of the students to win scholarships and gain international level experience. The camp envisioned and inaugurated by Dr (Mrs) Amita Chauhan, Chairperson, Amity Group of Schools and RBEF, witnessed the participation of 320 students from various schools across India, including Amity International Schools and Amity Global Schools. In her inaugural address,

Chairperson addresses the participants

she apprised students and parents about importance of mathematics in competitive examinations and its importance in developing strong conceptual understanding. During the 7 day-long camp participants were trained by faculties from AICE. The days began with special yoga sessions and were followed by interactive workshops. Students were trained to develop skills in solving mind-boggling

mathematics questions, grooming them for national and international Olympiads. They were also taken to the hi-tech laboratories of Amity University for subjects like physics, chemistry & biology, instilling in them a scientific temperament. Special topic-based doubt clearing sessions were also undertaken by experts every evening. The workshop culminated with a valedictory ceremony on May 30,

Winners with Chairperson and dignitaries

2025, which was graced by Chairperson along with stalwarts like Dr Sudhir Kumar Mishra, Chair (Emeritus), DRDO former CEO & MD Brahmos as the presiding guest; Dr TN Singh, director, IIT (Patna), as the chief guest; and Prof PK Dikshit, professor, Civil Engineering, IIT (BHU) as the guest of honour. During the valedictory ceremony, 73 national toppers of GTSE 2024

(Global Talent Search Examination) — organised by AICE for Class I-XII — and 21 toppers of Mathematics Test Series 2024 — also organised by AICE for Class IV-XII — were felicitated with medals and trophies.

It is notable that this year more than 25,000 participated in the GTSE. Participants of the mathematics workshop were awarded certificate of participation.
